CENTRE PRINCIPAL'S MESSAGE

St. Pius X Career Centre is designed to meet the needs of a diverse student community; a standard we are extremely proud of and are committed to maintaining and improving. You have chosen to take a challenge in a DVS. We use the word "challenge" because, for some of you, this is the first time you are studying in your newly adopted country of Canada. For others, it may be a return to school after years in the workplace or raising a family.

The following preface to your agenda will be your guide to student life at St. Pius X Career Centre. As this is a vocational training centre dealing with adults, policies are very different from those of high school or university.

St. Pius X Career Centre, of the Adult and Vocational Services Department of the English Montreal School Board, is a vocational centre located in Montreal in the district of Ahuntsic. Students are trained to meet the needs of today's work setting. At Pius, students acquire extensive skills using the latest techniques to prepare them for success in the 21st Century. After completing their program, students obtain a Vocational Diploma.

At Pius we strive to be 'the best we can be' in all endeavors! We have a very professional staff and students who are dedicated to achieving to the best of their abilities. Welcome to St. Pius X Career Centre. We encourage you to challenge your abilities, to set attainable goals, and to strive for excellence. Thank you for choosing us. We hope our programs will meet your educational expectations.

“St. Pius X Career Centre” adopted its name from its initial location at St. Pius X Comprehensive High School. St. Pius X Adult Education & Culinary Institute was named after Pope Pius X, who was born Giuseppe Melchiorre Sarto in the kingdom of Venetia (then part of the Austrian Empire). He was elected Pope in 1903 on the fifth ballot. He served as Pope until his passing in August of 1914. During his tenure as chief pontiff, the Pope was reputed for having performed miracles such as curing a paralyzed child and the apparent recovery of a Cardinal who had tuberculosis. Later, in 1954, Pope Pius X was canonized by the Catholic Church.

It is an honor for St. Pius X Career Centre to continue to carry the name of the school that stood at the building’s site for many years.

**WE MEAN BUSINESS
PARTNERSHIPS IN ACTION!!!**

Our Mission Statement

St. Pius X Career Centre is committed to providing quality education in an inclusive environment that encourages critical thinking and life-long learning. Our mission is to offer students the opportunity to develop the practical, social and technical skills for success in today's world. Pius provides a safe, nurturing and stimulating environment in which students are given the opportunity to develop their intellectual, ethical, aesthetic, physical and emotional intelligences. The Centre fosters respect for the individual, the embrace of diversity, the development of the diverse talents.

Governing Board

On July 1st 1998, an Act to amend the Education Act, Bill 180, paved the way for the creation of Governing Boards in educational establishments throughout Quebec. A Governing Board is composed of the following: two representatives of Business, two representatives of the Socio-Economic Community, two teachers, one office support staff, one professional and two students. In total the Governing Board may consist of twelve members.

OFFICE HOURS & PROCEDURES

Our business hours are from 8:00 a.m. to 8:00 p.m. Monday to Friday.

PROGRAM HOURS

Our programs range from 30 to 35 hours a week - full time. The daytime cycle ranges from 8:00 a.m. – 4:00 p.m. The evening cycle (20 hours) is from 6:00 p.m. – 10:15 p.m.

LATES & ABSENCES

Teachers will monitor all late arrivals and early dismissals. All absences must be reported to the teacher and/or called in to the office.

ATTENDANCE

Regular attendance is a vital component for success. Students must be prepared to justify any absence.

After three consecutive days of absence, student must meet with Centre Administration prior to returning to class. Such absences must be justified by appropriate documentation.

Any student who is absent for five or more consecutive days without prior notification and valid justification, may be deleted from his/her program of studies.

The agenda includes the academic year's calendar that indicates when there is no school for students. Any day indicated in colour and encased by a shape (e.g. square, diamond) is a day when students are not expected to be in school. Students should plan appointments and vacations ONLY on those days.

Students who are on Loans and Bursaries, or Emploi-Quebec should be aware that all absences are submitted to these agencies. As a result, absences can have significant financial implications leading to possible loss of funding.

Students having a high absence rate will be obliged to sign an Attendance Contract in order to continue in the Centre. Any breach of contract conditions can result in deletion from the Centre.

ELIGIBILITY TO SIT FOR AN EXAMINATION

Students are permitted to sit for a summative examination provided they are registered for that course. A student may also register for a compulsory examination in order to obtain credits without having taken the course to which those credits correspond. (This provision applies mainly to those who register for "examination alone" activities which recognize equivalent studies or experiential learning). The Centre may inform a student registered in a program of study that, taking into consideration his/her preparation, performance, or attendance in class, it may determine that s/he may not have acquired the required competency for a course and consequently, either the summative evaluation is postponed to a later date, or will not be allowed to sit for an examination. Every student registered for a course must write the exam for the course.

REWRITING AN EXAM & WORK STUDY

Candidates who fail an examination are authorized to sit for one rewrite per course and must take it within three months after the administration of the examination. However, a student who wishes to exercise this right must follow the necessary tutorials before being permitted to retake the examination. The student will sit and take a new version of the summative examination in its entirety. The full credits associated with a given course are granted whenever the mark earned is the same as or above the passing mark. If after having rewritten the examination for a course the student has not obtained a passing mark, he will have to register for the course and follow it to its entirety. If a student needs to rewrite more than once, the Centre's administration will make the final decision after verification that the student has sufficient knowledge to pass and has met the required criterion.

The student who has failed initial examinations in (3) different courses in the same program, will meet with the Centre's administration and career counselor.

Failure in a work-study training will require the student to redo the practice training according to the format determined by the Centre. Each student is required to find his/her placement for the module Entering the Work Force. All placements must be approved by administration. The centre may provide assistance for those who require it.

Exams are written at the end of each module of your program. Your result will be either "succès" (pass) or "échec" (fail). Rewrite exams will be coordinated by the administration.

No student is permitted to enter the exam room any later than 30 minutes after the examination has started. Students must leave the classroom once the exam has been handed in and may not touch the exam again.

CHEATING

The Centre must take the necessary measures to prevent cheating during an examination. Whenever the person responsible for invigilation believes that cheating has occurred, s/he may immediately confiscate the candidate's question booklet, answer sheet and any incriminating material(s), and expel the student from the examination room. Cheating would include, amongst others, the following actions:

- deliberate use of any unauthorized materials;
- use of sources of information other than those permitted
- deliberately helping another candidate
- deliberate acceptance of help from another person

The invigilator must then complete the appropriate report form, outlining the reason(s) for the candidate's expulsion from the examination room, sign it and remit it to the Centre Principal together with all the materials confiscated. The student may be asked by the administration to leave the Centre immediately after the administration has received a written report from the teacher. The student will lose the right to rewrite the examination at a later date and a mark of "0" or "failure" will be assigned. The student will be recalled by the administration following the verification of the reports and will be provided the decision of the administration at that time. After an analysis of the circumstances surrounding the event, the administrator may expel the individual from the Centre, and/or re-register the student for the course.

REREADS

At the request of the student the Centre will review the examination and determine the new mark, if such is the case. The request must be made in writing to the Centre Principal within (10) ten days of the publication of the results. The director will appoint a person responsible to review the correction of the examination and where possible, a specialist in the subject who has not participated in determining the first result. In the case of a practical examination, the revision will consist of a review of the compilation of different observations on the evaluation form. For a theory examination, the examiner must review the answers given by the student in relation to the correction key. Pius will charge a service fee for rereads. This service fee must not exceed \$20 per reread.

ABSENCES, LATE AND DEPARTURES FROM EXAMINATIONS

Candidates who are absent, without an authorized reason, from a Ministry, or a locally prepared, summative examination, will be assigned an ABS (absent) on their Statement of Marks for the corresponding examination. They may register, if they so wish, for another examination session but will forfeit the right to a rewrite.

Candidates who have been excused from writing a Ministry, or a locally prepared, summative examination will be registered for another examination session and will maintain the right to a rewrite.

Acceptable reasons:

- Serious illness or accident confirmed by medical report or certificate
- Death of a family member
- A court summons (presence required in court)
- A delegate to an authorized event (of an international, national, or provincial scale such as a convention, sports meet, artistic event, etc.)

It is recommended that no candidate be admitted to the examination room after the first thirty minutes have elapsed and that no student be permitted to leave the examination room until at least one-half of the time allotted for the examination has elapsed.

Promotion

For every course there are two requirements for achievement:

- Sit for all the examinations in the course
- Satisfy all the criteria to pass the course

CONFIDENTIALITY

ST. Pius X Career Centre will take all necessary measures to insure the security and the confidential character of the summative examinations. Moreover, Pius will apply the following measures:

- no information pertaining to the content of the examinations may be divulged to the students prior to the scheduled time of the examination
- neither copies of the examinations nor the material accompanying it may be shown nor distributed to the students after the examination
- examinations that need to be taken to a different building or to different areas of the building must be placed in sealed envelopes or boxes
- no examinations may be taken outside of school premises
- upon completion or receipt of examinations, they must be stored in a secure place. The same measures are to be taken after the examination session
- precautions will be taken to ensure confidentiality during the correction period
- any document having been used for the administration of an examination may not be given to students, neither temporarily nor permanently, and must serve solely for the purposes of summative evaluation; this should not prevent a teacher from showing a student where he made his mistakes
- a summative examination may be made available to students only at the moment of its administration
- no summative evaluation instruments may be kept by anyone without special authorization

KEEPING OF DOCUMENTS & TRANSCRIPTS OF MARKS

The Centre will store in a secure area for at least two years all of the documents used for the administration of the examinations (examinations, answer sheets). The results from every examination will be kept and stored by the Centre according to the Archives Law (LRQ, c. A-21, I). Only the following persons are authorized to be informed of the results and to obtain a copy of them:

1) the student, his representative or, if such is the case, the parental authority 2) the student's heir 3) the teaching and non-teaching professional as well as the administrative and support personnel of the Centre or of the English Sector whose functions are directly related to the evaluation function or to the transmission of documents related to the adult's files 4) the Minister and his/her representative

ISSUANCE OF DIPLOMAS

The Minister is responsible for the issuing of the diploma. The transcripts of marks and the attestation of equivalencies are issued by the Direction de la Sanction des Etudes.

STUDENT DISCIPLINE

Any student who violates School Board or Centre policy will be subject to disciplinary action, which may include: an interview with an administrator, referral to counseling or a treatment program, formal suspension from school, or expulsion from the Centre and/or school board.

SCHOOL FEES

Activity and service (registration) fees must be paid on the day you apply and/or register. All other fees will be collected on the date specified by the centre. There is a \$40 charge for each reinstatement and transfer that is applicable. **All fees may be paid in cash or debit.** (For refund information see the Refund Policy). Students receiving benefits from Emploi Québec must submit an EQ referral form. Failure to submit this form could result in the termination of your benefits.

REQUIRED MATERIAL

Students must buy all material required on the course list. Most material (i.e. books, knife rolls) necessary for your course are available at the in-house bookstore or through your teacher when a class set is used. When the teacher loans the student a book from the class set, it is not necessary for the student to purchase that text book. However, a deposit for the use of that text book will be paid by the student at the time of registration and refunded when the program has been completed. The bookstore hours are posted outside the bookstore. Cash or debit is the required payment method for all required material for the program. All sales are final. There will be no refund or exchange on purchases. A list of all the material required for each program is available at the information desk.

*****Please note that you must have all the material and proper attire to attend the module that is taking place. If you are not properly attired or do not have the necessary material required for that class you will not be allowed to attend class.**

STUDENT USER AGREEMENT FOR THE INTERNET

Pius offers access to the internet for research studies relating to school assignments. Access to a computer lab is available. The Centre is responsible for guiding and monitoring student access to suitable educational resources, and the EMSB has taken precautions to ensure that inappropriate sites are filtered out. The centre has developed a user agreement based on the EMSB policy for internet usage that informs students of their rights and responsibilities.

Each student must return their user agreement bearing his or her signature before participating in learning activities on the internet. Below are our expectations for student on-line behavior.

Student will:

Maintain security: Students will keep their passwords confidential.

Behave safely: Students will not reveal personal information (last name, address, and

phone number, bank or credit card information.)

Participate responsibly: Students are responsible for their actions on the Internet and will refrain from accessing inappropriate resources (i.e. hate propaganda, or sexist, homophobic, racist, pornographic or obscene content) and will exit those accidentally accessed. Students will not use the internet for any illegal activities.

Act respectfully: Students will be polite and use appropriate language. Students will refrain from swearing or making comments that would offend others. Inform a teacher immediately if they have any concerns. Use e-mail only for school purposes. Obtain permission from a teacher before posting for an internet accessible directory.
